

GlobalCerts and Simplicato Launch New Secure Messaging Service

SimpliSecure™ makes encrypted email easy and affordable for financial institutions, government agencies, healthcare and other organizations.

Bedford, NH – May 11, 2006 – GlobalCerts, a premier enterprise secure messaging provider announces a strategic technology partnership with Simplicato, Inc., a leading provider of business email hosting and archiving services. The partnership is off to a strong start with the launch of SimpliSecure™, an encrypted email service based on GlobalCerts technology.

The new SimpliSecure™ managed service will enable customers to encrypt email to anyone who has an email address, regardless of whether the external recipient has digital encryption keys or not. The solution is designed to enable users to continue using their email as they normally do, with the added benefit of activating secure messaging whenever needed.

“We are all very excited about SimpliSecure™,” said Keith Evans, Director of Product Management at GlobalCerts. “Now customers looking to meet email regulatory compliance requirements can turn to Simplicato for their encrypted email and archiving needs.”

More information about SimpliSecure™ is available at www.simplicato.com or 877-GETIMAP (212-268-2182)
